

YRRLC

Meeting of the Board of Directors

Tuesday, October 5, 2021

2:00 pm

Present: Dan O'Neil, Greg Holt, Harold Riensche, Kathleen Whittenberger

Excused: Tim Wogamon

The meeting was called to order and President O'Neil announced that he and Tom Robins are working to reorganize and update the website, yrclc.com.

The Secretary reminded the BoD that some landowners had expressed an interest in attending Board Meetings. The Board will work to determine how this could be done, considering issues of confidentiality with various landowners and available space.

Fall roadwork was discussed. The budget does not allow for all needed work to be completed. An additional bid is needed to complete the plan, but this will be accomplished and, weather permitting, work will begin next week. A complete schedule will be published as soon as available.

Construction permits will be granted for lots 140 and 176 as soon as required Road Abatement fees are received.

Concerns with/of various landowners were discussed and plans to address these were formed.

There being no other business, the meeting was adjourned at 3:35 by President O'Neil.

Kathleen Whittenberger
Secretary Treasurer
